### PROPOSAL TO MODIFY VETO SIDETRACKED

Little Chance of Positive Action From Sub-Committee Before End of Session Is Seen

PROVES NO SURPRISE

**BULLETIN**  
Lake Success, N. Y., Dec. 2.—(P)—The United States charged today that the primary object of Soviet Russia's arms limitations program seemed to be to get rid of the atomic bomb and then place all other arms questions under the United Nations Security Council where they would be subject to the "atom bomb of the veto." Sen. Tom Connolly (D-Tex.), continuing the arms reduction debate before the 54-nation political committee of the general assembly, bluntly rejected the Soviet proposals as "too narrow and too circumscribed."

New York, Dec. 2.—(P)—A small nation drive to curtail the veto power of the Big Five was sidetracked today as two international groups—the United Nations assembly and the Council of Foreign Ministers—grappled with the twin tasks of penalizing the aggressors of the last war and preventing a new one.

Over Britain's claim that it was a move to "pass the baby," the assembly's political and security committee sent the question of veto modification to a sub-committee from which there seemed little chance of positive action before the end of the session.

A definite showdown on the issue, one of the most acrimonious continuing the delegates, who are under pressure to find methods for barring aggression, came as the assembly prepared to resume debate on world-wide limitation of arms.

The decision came as no surprise.

The five big powers—Britain, China, France, Russia and the United States—stood solidly aligned behind the general principle that the veto must be retained even though there was accord, aside from the Soviet, that agreement on voluntary modification would increase diplomatic harmony.

Meanwhile, the Council of Foreign Ministers concentrated on peace pacts for the Axis satellites, with their chief immediate problem centering on finding an equation for award of reparations to Greece and Yugoslavia.

The diplomatic chiefs—Ernest Bevin of Britain, Maurice Couve de Murville of France, V. M. Molotov of Russia and James F. Byrnes of the United States—were agreed that the two victims of Nazi tyranny should be treated on a fifty-fifty basis, but thus far have been unable to agree on the exact amount for reparations.

Solution of this question would insure finished peace pacts for Italy, Romania, Bulgaria, Hungary and Finland, probably within 10 days.

### INVENTOR OF STEEL

#### AUTOMOBILES DIES

Philadelphia, Dec. 2.—(P)—Edward G. Budd, who gave America its first all-steel automobiles, streamlined railroad trains and stainless steel airplanes, is dead at the age of 75.

The founder and president of the Budd Co., who came to Philadelphia in 1899 as an apprentice and turned a corner metal shop into a giant industry, succumbed Saturday night to an acute heart dilation at his suburban Mt. Airy home.

Budd "sold" automobile makers on the merit of steel bodies by rolling cars down cliffs and posing live elephants on their roofs.

### Further Drop To Sub-Zero Weather Predicted Tonight

By the Associated Press  
Temperatures skidded downward an average of 20 degrees over the eastern half of the United States last night and New England braced for a further drop to sub-zero weather tonight.

The present cold was felt from Maine to Florida along the Atlantic coast, and extended generally eastward from Minnesota and Missouri and Mississippi rivers. To the west, the usually cold great plains and Rocky mountain area reported comparatively mild weather last night.

The nation's official extreme drop in temperature last night was 12 degrees at Huntington, W. Va., where the mercury plunged from 54 degrees yesterday afternoon to a low of 12 above zero last night. New York City reported a drop

### Operation High Jump Ready To Shove Off

Aboard The U. S. S. Mt. Olympus at Norfolk, Va., Dec. 2.—(P)—Operation High Jump, the navy's huge expedition to the South Polar Regions, prepared to shove off at 1 p. m. today on a 10,000 mile voyage for cold weather tests and new explorations of the mysteries of Antarctica.

Four ships, the Mt. Olympus, headquarters and flag ship; the icebreaker Northwind, seaplane tender Pine Island, and destroyer Brownson, are sailing simultaneously with five ships from the west coast.

Most of them carry supplies for up to eight months—everything from beef to coffee, movies and candy, airplanes and 32 husky dogs.

### Extreme Right Wing Parties Gain In Reich

Frankfurt, Dec. 2.—(P)—Significant gains by extreme right wing parties were shown today in final returns from yesterday's elections in which two American-occupied German states adopted Democratic constitutions and elected state legislatures which will assume almost complete self-government.

Although the two major middle-of-the-road parties retained their established leading positions, both lost ground to minor parties with strong rightist tendencies. The Communists, on the extreme left, also gained slightly at the expense of the two Centrist groups, but not so much as the Rightists.

The constitutions—establishing parliamentary forms of government—were adopted overwhelmingly both in Bavaria and Greater Hesse.

Greater Hesse, the most highly industrialized and most strongly leftist of the three American-controlled states also adopted a separately submitted constitutional provision requiring immediate socialization of basic industries. The Bavarian constitution, like the constitution which Wuertemberg-Baden adopted a week ago, permits but does not compel such socialization.

In rural, strongly Catholic Bavaria, biggest of the three American-ruled states, the Christian Social Union retained its majority of the Landtag's 180 parliament seats, winning 104 places for a loss of five. The Social Democrats were second with 54 seats, gaining eight over the number they held in the constitutional convention.

### Six Children And Mother Die In Flames

West Groton, N. Y., Dec. 2.—(P)—A mother and six of her 10 children were dead today as the result of a fire in this Tompkins county hamlet which destroyed the two-story frame home into which the family moved only two months ago.

The victims were Mrs. John Dew, 45, Jean, 11; Fatsy, 10; Beverly, 7; Jewell, 4; Lowell, 2, and Donna May, five months.

Only survivor among the occupants of the house at the time of the Sunday morning blaze, which originated in the kitchen, was Theresia Dew, 9, who escaped after a vain effort to save her brother, Lowell.

The father was still living in the former family home at Trumansburg to complete work one son was away in the armed forces and two other children were not at home.

from yesterday's high of 54 to 15.5 last night.

Even Florida felt the chill, with the 43 degrees minimum in Tallahassee last night 22 degrees below that of Saturday night and 32 degrees under yesterday's maximum of 75. Atlanta reported a low of 29 degrees last night.

There was frost in southern Mississippi and central Alabama. In the northeastern section low temperatures of eight above zero at Burlington, Vt., and ten above at Bangor, Maine, were reported.

The cold tonight was expected to cover the general area from Maine southwestward to Ohio where the year's first snow fell in several places yesterday and lows of seven above zero at Mt. Vernon, eight at Toledo and 10 at Cleveland were reported last night. The Cleveland area had 1.8 inches of snow Sunday.

### COOPERATIVE MAKES OFFER FOR PIPELINES

Former Anti-Trust Chief Proposes Using Big and Little Inch to Break Oil "Monopoly"

COMMITTEE WITNESS

Washington, Dec. 2.—(P)—Thurman Arnold, former anti-trust chief of the justice department, proposed today operation of the \$145,000,000 Big and Little Inch Pipelines by a non-profit cooperative, to help break up what he termed "monopoly" in the oil industry.

The huge war-built 1,500-mile lines from the southwest to the east, he said, pose a problem parallel to the disposal of Muscle Shoals after the first World War.

The Muscle Shoals power facilities, he pointed out, finally were turned over to the Tennessee Valley Authority, a public body, after years of political wrangling involving private bids for the property.

"This time," he said, "let's not scramble eggs we will have to unscramble later."

Arnold appeared before the house committee investigating surplus property as counsel for a group proposing the organizing of a cooperative for purchase of the pipelines from the War Assets Administration. The plan proposes government aid to finance the purchase.

Arnold was called shortly before a scheduled appearance by Secretary of the Interior J. A. Krug to tell about plans for use of the lines in the coal crisis.

The cabinet officer's appearance was compelled by a subpoena of the committee investigating surplus property. However, the secretary said, the subpoena is unenforceable.

### CATHOLIC VETERANS HOLD PROTEST MEET

Philadelphia, Dec. 2.—(P)—More than 20,000 Catholics—the largest throng assembled in Philadelphia's convention hall—urged President Truman and the U. S. state department to "insist on the immediate release" of Archbishop Aloisius Steinhilber, imprisoned prelate of Yugoslavia.

At the same time, the protest meeting participants unanimously adopted a resolution calling on the president and state department to halt "cessation of the persecution of Catholics in Yugoslavia."

The huge meeting, held under the auspices of the Philadelphia county Chapter, Catholic War Veterans which will be the next meeting, will be held this evening in the city within the next few weeks by Catholic veterans and other organizations.

### EDITOR'S SON MISSING

Kittanning, Dec. 2.—(P)—John W. Wyant, 18, son of C. W. Wyant, publisher of the Kittanning Daily Leader, was the object of a statewide police search today following his disappearance Saturday afternoon. The Wyant youth was visiting home on a Thanksgiving vacation from Bucknell College where he is a freshman. He was last seen wearing a leather jacket and a yellow and red "T" shirt.

The victims were Mrs. John Dew, 45, Jean, 11; Fatsy, 10; Beverly, 7; Jewell, 4; Lowell, 2, and Donna May, five months.

Only survivor among the occupants of the house at the time of the Sunday morning blaze, which originated in the kitchen, was Theresia Dew, 9, who escaped after a vain effort to save her brother, Lowell.

### Porter's OPA Resignation Is Accepted

Reading to members of his family President Truman's letter accepting his proffered resignation, OPA Administrator Paul A. Porter smiles, perhaps in contemplation of the \$50,000-a-year radio job which reportedly awaits him. With Mr. and Mrs. Porter in the Washington, D. C., home are their daughters, 9-year-old Ann, left, and Betty, 15.

### Fourth Anniversary Of Atom Discovery

Chicago, Dec. 2.—(P)—Four days ago today scientists first learned that atomic energy could be released and controlled.

On Dec. 2, 1942, a small group watched the first nuclear chain reaction fashioned by man, under the stands of Stagg Field at the University of Chicago. To commemorate the anniversary, many of those who aided in the original experiments met today to discuss the progress of nuclear fission in the past four years.

### Will Decide Draft Future During Week

Washington, Dec. 2.—(P)—An army decision is expected this week on whether to resume the draft in January after a two-month holiday—a step manpower advisers are reported to favor.

Officials said recommendations are in the hands of Secretary Patterson and General Dwight D. Eisenhower, chief of staff, awaiting action.

Those advisers favoring a call on selective service for a quota next month are understood to contend it would spur volunteer recruiting as well as supplement it.

Latest reports show volunteer recruiting took an upward turn in the third week of November, after a steady decline for more than a month. Recruits, including regulars who re-enlisted or extended shorter terms of service to three years, totaled 5,008, compared with 4,444 the previous week.

But for the entire month a total of only about 20,000 was expected, representing little more than half the 37,000 monthly fixed by the War Department as a minimum requirement of the regular army.

### Three Tots Perish In Mercer Co. Fire

West Middlesex, Dec. 2.—(P)—Three small children were believed to have perished in a fire which destroyed the frame home of Mr. and Mrs. George Emrich on the outskirts of this Mercer county community early today.

The children were Carol Ann Emrich, 3, a younger brother, Charles, 2, and a sister, Donna, 5 months.

The fire broke out a few minutes after their father, employed at the Pennsylvania Railroad yards in nearby Wheatland, left for work.

Mrs. Emrich had gone out into the yard for a bucket of water, and when she returned, flames were roaring through the kitchen.

A high wind blew the blaze quickly through the home, blocking all efforts by Mrs. Emrich to reach the children inside.

West Middlesex firemen were called but could not reach the scene with their fire truck because of snow and ice on a steep hill near the Emrich home.

### GAS HOKE IN PIT

Pittsburgh, Dec. 2.—(P)—Motorists stopping at most Pittsburgh district gasoline stations today found it cost three cents more for five gallons of fuel. Dealers raised retail prices six-tenths of a cent per gallon, in line with recent wholesale price advances. The new retail prices were 22.6 cents for high-test gasoline and 21.6 for motor gasoline.

### Seven-Point Buck Shot At 7:15 Wins Hunter \$5 Award; Forests Swarm With Nimrods

Marshall Jennings, RD 1, was the lucky hunter to bring the first deer to the Finley Sporting Goods Store. The animal is a beautiful seven-point buck and was knocked down by Jennings at 7:15 a. m. on Morrison Run. Mr. Jennings had driven to the spot, parked his car and unlimbered his rifle, ready to take to the woods. Suddenly he looked up and there was a beautiful buck, head in the air, watching him. Taking aim, Jennings knocked the animal down, dressed it and drove to the Finley store, to find that his was the first deer in and that it had secured for him a crisp, new five-dollar bill.

Frank J. Colosimo, of Kinzua, was also one of the early birds, with an eight-point buck which he had shot. Mr. Colosimo had entered the woods shortly after 7 o'clock and before 8 o'clock he had shot his deer and was back at 8:20.

All records have been broken this season for the number of men in the deer country of the Allegheny National Forest. It is roughly estimated that 7,000 hunters are in the woods and all day Sunday cars, trucks, trailers, etc., rolled through the town laden with red coated men. Some of the outfits were highly expensive and scores of the hunters stopped off here for dinner and lunches and the restaurants that were open did a land office business while the lunch cars were filled at all hours.

Sporting goods stores also did a huge business and numbers of the men purchased clothing, ammunition, etc., for use in the woods.

Camps in the county were in readiness for the advent of the sportsmen and starting on Saturday cars rolled in burdened with camp equipment and smoke poured out of the chimneys. The acrid smell of woodfires was to be in evidence in all sections of the county.

Every town in the county is crowded with hunters. Tidousset, Sheffield, and Clarendon all have their quotas and hunters are expected to be in the woods in practically every township in the state.

Bucks were reported more plentiful in the outlying woods, where food was plentiful, rather than in the deer forests along the north tier, except where lumbering operations have attracted the deer in their search for tree bark and other edibles.

The antlerless deer season will be continuing through the end of the year. Wayne, Warren, and parts of Carbon and Luzerne counties, and will be for one week only. During this week of antlerless deer hunting it will be illegal to shoot bucks in the restricted territory, bucks are legal in that area during the first week of the season.

The hunting hours are from 7 a. m. to 5 p. m. daily with all hunting banned on Sundays. In announcing the start of the season the game commission again cautioned all hunters to observe all safety regulations, wear plenty of bright red, handle guns carefully especially when climbing over the fences, and avoid using foreign souvenir firearms unless they are supplied with the proper ammunition.

Mr. Truman's meetings with reporters. Press Secretary Charles C. Ross did not disclose whether the president had an important announcement in mind.

Asked if he expected one from Mr. Truman tomorrow regarding the coal strike, Ross replied "I should doubt it."

Ross did not indicate whether Mr. Truman was ready to announce the appointment of new ambassador to Great Britain. This post has been vacant since W. Averell Harriman returned to become commerce secretary after the dismissal of Henry A. Wallace.

Mr. Truman has held only one news conference since the Nov. 5 election when Republicans won control of both houses.

### UMW CHIEF IS SAID TO HAVE ADMITTED PACT EFFECTIVE UNDER FEDERAL OPERATION

To Avoid Dramatic Court Room Showing of Sound Reel Attorneys for Union President Volunteer To Accept Typewritten Transcript

DECISION IS TO BE MADE LATER IN THE DAY

Washington, Dec. 2.—(P)—The government tried to put into John L. Lewis' contempt trial today a news reel recording in which the UMW chief is reported to have termed last spring's coal strike settlement effective for the duration of government operation.

Chief Government Counsel John F. Sonnett told the court he wished to enter the exhibit as proof of "willfulness" by Lewis in declaring the contract cancellation that touched off the current walkout of 400,000 soft coal miners.

Judge T. Alan Goldsborough withheld a ruling on admissibility of the transcript until after a luncheon recess.

To avoid a dramatic court room showing of the news reel itself, Lewis' lawyers volunteered to accept a typewritten transcript. They first made known, however, that they objected to its admission in any event.

The defendants interpose the objection," said Chief UMW Counsel Welly K. Hopkins. "That this evidence is not relevant in the contempt issue before your honor."

But Hopkins quickly added: "However, if your honor overrules our objection, the defendants will stipulate that the statements were made."

Sonnett told the court that the news reel film "accurately set forth the words and features of the said defendant Lewis."

In support of his objection to the evidence, Hopkins pointed out that the news reel was made last May.

"This was six or seven months prior to the restraining order which instructed Lewis to head off the mines strike," Hopkins said.

"It is not pertinent to the issue whether there has been any contempt on the part of the defendant in connection with the court's restraining order."

If Judge Goldsborough accepts the news reel in transcript form, government counsel told the court, it will not be necessary to call for testimony by Alfred Oeth, a Paramount news sound engineer. Oeth was among 11 witnesses whom Sonnett announced would be called to the stand.

Prior to the move to get the news reel recording into the record, the federal legal staff marshaled evidence designed to show that the coal strike interferes with a "sovereign function" of the government.

The evidence, government counsel told Federal Judge T. Alan Goldsborough, is aimed at smashing the United Mine Workers' contention that private operators actually run the mines under federal seizure and that the UMW walk-out on the part of the defendant.

### Lack of Fuel Idles 104,000 As Unemployment Increases

Pittsburgh, Dec. 2.—(P)—Lack of fuel today idled over 104,000 persons—in addition to 400,000 miners—as more and more coal-consuming industries shut down in the soft coal crisis, with the prospect of sharply rising unemployment ahead.

The long holiday weekend tended to hold down unemployment, but twin hazards of coal shortages and dwindling supplies of steel promised to strike hard blows, with possibilities of 1,000,000 being laid off at week's end.

Steel production in the Youngstown district stood at 35 per cent of capacity, compared with 91 per cent two weeks ago. Only 25 of the 33 open hearths were operating and nine of 25 blast furnaces. None of the area's three Bessemer converters was working. Unofficial estimates put loss of wages at more than \$1,000,000.

Forty switching crews were laid off by the Pittsburgh and Lake Erie Railroad in Ohio while the Pennsylvania furloughed 20 men and three crews. The Erie railroad sent members of six crews home.

In New York state, the Schenectady plant of General Electric laid off about 250 porcelain department workers with one spokesman predicted "slow" production. The Burdick and Sons metal working plant at Albany closed its lithographing department and at Troy, N. Y., the L. E. Gurley manufacturing of surveying instruments, expected to close within a week with 200 employees temporary jobless. Lack of gas service forced these layoffs.

Heat provided by gas from cooking ovens in provo, Utah, was to be cut off today in about 1,000 homes. Others were on a three-day week. Railroad furloughs totaled 350 and the Brigham Young university closed until oil burning equipment can be installed.

Colorado reported dealers' yard stocks exhausted. At Falsade,

Col., members of the UMW local 1772 indicated their approval of the strike stoppage by ousting a president who said he was ready to negotiate independent contracts with three operators.

Approximately 800 public school students were ordered closed kindly. Industrial sources in Birmingham, Ala., said that state's

### Lea Act Is Held Unconstitutional

Chicago, Dec. 2.—(P)—Federal Judge Walter J. Lea today dismissed government charges of violating the Lea Act filed against James C. Petrillo, holding that the act is unconstitutional.

Petrillo, president of the AFL American Federation of Musicians, had been accused of violating the Lea act by calling a strike at a Chicago radio station in support of a demand for hiring additional musicians whom the station contended were unnecessary.

The Lea act was passed by congress to prohibit compelling or attempting to compel broadcasters to hire more employees than are "needed to perform actual services."

### Pennsylvania Grade Crude Oil Prices Boosted 14 Cents

Bradford, Dec. 2.—(P)—The Joseph Seep Purchasing Agency of the South Penn Oil Co. today put a 14 cents a barrel price increase into effect for Pennsylvania grade crude oil. The new posted price for most grades is \$3.55.

The advance is effective in all districts in which the company buys oil but is not applicable to Corning Grade crude oil, the price of which was raised 10 cents a barrel to \$1.76 last month.

With the 14c advance, the new postings for Pennsylvania crude are:

Allegheny district oil in Bradford Transit Co. .... \$3.55  
Bradford district oil in Bradford Transit Co. .... \$3.55  
Bradford district oil in National Transit Co. .... \$3.55  
Bradford district oil (Tona) in National Transit Co. .... \$3.55  
Pennsylvania grade oil in south west Pennsylvania .... \$3.34  
Pennsylvania grade oil in Eureka Pipe Line Co. .... \$3.34  
Buckeye-Pennsylvania grade oil in Buckeye Pipe Line Co. \$3.30

The price for Corning grade oil in Buckeye Pipe Line, including the 10c increase recently announced, is \$1.76 per barrel. While the increase by the Joseph Seep Purchasing Agency was the only one announced, it is expected that all other purchasers of Pennsylvania grade crude oil will post similar advances in the purchase price.

As a part of the new posting, the government subsidy now being paid for Pennsylvania oil will be reduced by an amount equal to the price increase, it was stated. Hence, the producer will not receive any more for his oil than at present.

The original subsidy on Pennsylvania oil was 75c per barrel, but this was slashed early in September. At the present time, the subsidy being paid in the Bradford district is 44c while in the lower district it amounts to 50c per barrel.

A further cut equal to the price advance announced last night will lower the subsidy to 30c in the Bradford district and 36c in the lower district.

Clearing and Grading Plot  
For Stadium Costly Project

The stumbling block of excessive costs, which has been a barrier to many construction projects during the post-war era, is standing in the way of immediate development of the Warren War Memorial. It was stated today by a member of the board of directors of the Memorial.

The architects have completed specifications for the grading and surfacing of the valentine property, where the recreation field will be located, but when the specifications were submitted to prospective local bidders, the bids were several times more than the engineers' estimates.

"We could not conscientiously accept a bid which would eat up a good share of the fund and which was much more than the architect and the engineers felt the job was worth. We have, therefore, sought other bidders—perhaps more familiar with a wrecking project of this kind—and we hope to be able to report results within the near future."

The director intimated that, failing this, it might be necessary to break the wrecking and grading project into several separate projects and let the single contracts to individuals.

Assurance has been given that everything possible is being done to expedite the beginning of development of the area. The directors have held frequent meetings and will continue to bend every effort toward an early start on the project.

Town Council Meets Tonight  
With Much Business Planned

Warren Town Council will hold its regular monthly meeting this evening with a large grist of business to come before the body. It is understood that a request will be made by the Police Committee for two more patrolmen to be added to the force. This had aroused a large amount of comment in the business section and one of the largest taxpayers in the city said today:

"I cannot see the need for two additional patrolmen. It seems to me that 10 officers in a city this size are adequate. With a cruiser car in service police should be able to get in contact with the police station at all times. I have seen the police car out of service many times at restaurants, etc., with two men in it one should be available to the central station at all times. Patroling of Warren should be a fairly easy proposition."

If Council feels the need to expand the payroll I feel that the fire department should have at least two more men. It has been brought to my attention that the fire department is now maintaining the hydrants and that this requires one man's attention to keep them in shape. The mechanic in the department maintains the alarm system, keeps all trucks and equipment in repair in the department shop. Then in odd times these men have to answer alarms and do the same work as the other firemen. Seemingly if there is need for men in any department they should be added to the fire department."

Be that as it may it is one man's opinion. But there seems to be some gain of commonsense to it.

Bids will be opened for a heating system for the new shop at the airport and also for a street sweeper. Some discussion of the Spring street proposition as to whether construction shall be postponed until next year or started this winter. All in all there promises to be much business transacted.

**True Bill Has Been Returned In Mizak Case**

In the case of the Commonwealth vs. Andrew Mizak, Erie, charged with the slaying of his friend John Kalinski, August 23 at the Kalinski home on Blue Eye creek in Columbus township a true bill was returned this morning by the Grand Jury. Attorney M. A. Kornreich, presented the case to the Grand Jury in behalf of the county. Only three witnesses were called, Coroner Ed C. Lowrey; Corp. Theodore Hubley, Corry State Police Barracks and Sheriff L. E. Linder. They described the shooting, etc. Albert Smekker is foreman of the Grand Jury.

Charles Blackman has been appointed by the Court to assist District Attorney M. A. Kornreich in the conduct of the case. James Petrillo, of Erie, attorney for Mizak was not in the city today but will be on hand Tuesday when the taking of testimony begins at 10 a. m.

**Falling From Car Injures Warren Boy**

Robert Carnick, four, son of Mr. and Mrs. John Carrick, Pleasant Township, suffered multiple scratches and bruises when he fell from the family car near Edinboro about 5:30 yesterday afternoon.

The car was traveling about 45 miles an hour when the child fell from the car after accidentally grabbing hold of the door latch. It was stated by Mr. Carrick this morning. The lad was immediately taken to a doctor in Edinboro where his many scratches and bruises about the face, arms and legs were treated before he was brought home.

**POLICE ARE WARNED**  
Police throughout this area were warned today of a new type of confidence game which is being worked by smooth talking young men representing themselves as legitimate vacuum sweeper salesmen. Women who have been duped by the racket tell of a sweeper salesman who made an inspection of their machine and told them it needed a new motor. The unsuspecting women turned the machines over to the salesman, retaining a "receipt" paper in return. The "receipt" paper in return proved that the salesmen were bogus representatives of legitimate companies and to date none of the sweepers have been returned.

Annual Lodge Of Sorrow Is Held By Elks

The Rev. Harold Knappenberger, pastor of Grace Methodist church, brought an inspiring message to the members of Warren Lodge No. 223, B. P. O. Elks, and their friends at the annual Lodge of Sorrow held in the auditorium of the club house Sunday afternoon at three o'clock.

Exalted Ruler R. B. Frederick presided, and was assisted by the other lodge officers: J. M. Culbertson, esteemed leading knight; F. W. Lenkler, esteemed loyal knight; H. J. Harvey, PER, as esteemed lecturing knight; R. L. Ruhlman, PER, secretary; W. J. McIntyre, esquire; L. M. White-shot, chaplain; R. J. Weigle, inner guard; H. J. Christensen, tiler, and M. L. Jordan, organist.

The order of exercises was as follows:

Ritual—exalted ruler and chaplain.

Solo—Byron Swanson.

Memorial ritual—Exalted Ruler.

Roll call of members deceased during past year—R. L. Ruhlman, secretary.

Altar service—Officers of the lodge.

Solo—Byron Swanson.

Cornet solo—Neil Swanson.

Address—The Rev. Harold Knappenberger.

Closing ceremonies—Exalted ruler and chaplain.

A memorial service, Rev. Knappenberger said, is an expression of hope; hope that death is not the end, and is as old as man. He said it is found in the modern christian doctrine of immortality, that out there beyond this world there is another. The speaker cited the various types of memorials, such as the Washington monument, memorial parks, stadiums, scholarships, and finally exercises such as the memorial service—all in a sense "the paying of a tribute."

**LICENSE APPLICATION**  
Sam R. Zaffino and Denise Domelle Glab, both of Warren, filed their application for a marriage license Wednesday afternoon in the office of the register and recorder at the Court House.

**STAMP LIFE EXTENDED**  
Sugar ration stamps No. 9 and No. 10 scheduled to expire Nov. 30 may be used another month, the Office of Price Administration announced yesterday. Both stamps issued for home canning are good for five pounds of sugar each through Dec. 31 because transportation difficulties have made it impossible for many housewives, especially in the east, to make use of their home canning sugar stamps, OFA said.

**SERVICE CLUB**  
The December meeting of Our Boys Service Club of Pittsfield township will be held in the Pittsfield school house Tuesday evening. The final vote for officers for the coming year will be part of the business, together with the checking of names for the bronze plaque to be erected. All parents are urged to be on hand to see that their son's name is on the list. Lunch and entertainment will follow the business session.

**STORM CLOSED ROAD**  
Closing to the Peninsula road in Erie until further notice because of a washout, was announced Sunday by Peninsula State Park police, who said that automobiles will be allowed only as far as the barracks. Police said that 40 feet of the highway was undermined Friday night by waves created by a wind that reached 45 to 50 miles an hour. The damaged road is a mile beyond the barracks, and will be repaired as soon as possible. Some trees were blown over by the wind also, police said.

**MANY CONTRACTS AWARDED**  
Contracts awarded by the Pennsylvania Department of Highways for road and bridge improvements in the first eight months of this year for the expenditure for more than twice the amount being spent in the neighboring state of New York. This was shown in the latest tabulations made by the Federal Works Agency, Washington, in its monthly publication "Publication Construction." The Pennsylvania total for the first eight months as compared with \$49,000, as compared with \$20,631,000 in New York for the same period.

LUDLOW

Ludlow, Dec. 1.—Moriah Lutheran held regular services on Sunday with the Rev. Hans Pearson choosing as his topic for his sermon, "The Final Verdict. Leland Engman, baritone, sang "The Holy City". The folder for the day was given in memory of Mrs. Emma Swanson by Mr. and Mrs. Julius Swanson. Morning services were held in the Covenant Mission with the Rev. Earl Robbins of Kane delivering the sermon.

The Lutheran Circle was entertained on Wednesday evening at the church with Mrs. Aloph Johnson as hostess. The meeting was conducted by the president, Mrs. Wm. Hanson. Plans were made for a Christmas twelve supper to be held at the church on Monday, Dec. 30 with dessert served by the hostess, Miss Tillie Olson. Several business details were settled among them being the decision to send in one more order to the Paper Products Company and to discontinue this project following that order. Refreshments were served at the close of the meeting.

The Covenant Mission Ladies Aid met at the home of Mrs. Adolph Swanson on Thursday evening with a splendid attendance. The meeting was conducted by Rev. Earl Robbins, and a short

program followed which included a talk by young Miss Beverly Carll and remarks by Rev. Robbins. Following the benediction, coffee was served by the hostess.

The Luther League held its regular meeting on Thursday evening in the church parlors with Mr. and Mrs. Homer Gilfert and David Swanson on the committee. The president, James Nelson, led the meeting. It was decided to change the next meeting date to Dec. 27, Friday. The following program was given: Piano solo—Mary Anna Connelly. Reading—Mrs. Melvin McCleary. Piano solo—Betty Nyström. Reading—Gustav Olson. Piano solo—Mrs. E. O. Nelson. Vocal solo—Mrs. Emil Nelson. There was a fine attendance. Lunch was served directly after the program.

Mrs. Gustav Olson gave the major part of the Post War Emergency Program sponsored by the Bethany Young Women's Missionary Society on Tuesday evening in Sheffield. Her program was built on "One World, One Word" and a monologue entitled "Missionary Mites". Others in attendance at this program from Ludlow were Mrs. C. Johnson, Misses Tillie Olson and Edith Larson, and Mrs. Enoch Nelson.

Miss Ruth Parkander, Area Faith Education Worker for the New England and New York Conferences, spoke at a combined teachers' meeting for Ludlow and Sheffield which was held at the Beth-

any Parsonage in Sheffield on Friday evening. A discussion period followed after which refreshments were served by a committee. In attendance from Ludlow were Gustav Olson, John G. Johnson, Misses Edith Larson, Linnea Swanson, Tillie Olson and Mrs. Enoch Nelson.

SCHOOL

The Ludlow High School presented a Thanksgiving program at the school on Friday for students and on Monday evening for parents and visitors. The orchestra prefaced and closed the program with several numbers with Miss Catherine Maxwell directing. A twenty minute playlet comprised the program as directed by Miss Chapman with David Swanson as announcer. The play was a modern version of "John Speaks For Himself."

The following appeared as characters: Melvin McCleary, Jr., John; Shirley Swanson, Priscilla; David; Miles Standoff; Stacey Carter; Governor Bradford; Eugene Draty; Master Tulley; Lorraine Cochran; Desire; Connie Erickson; Mollie; Rose Schuster, Patience; Jennie Tassone, Mistress Tulley; Dame Dodey, Ann Carlson; Alfred Johnson, Quantum. The movie shown later was "Music In the Air."

**SCHOOLS**  
The Ludlow District Committee of Boy Scouts held its annual meeting on Friday evening at Scout Headquarters with Chairman Walter S. Cox, president. Nine committeemen, Troop No. 50 leader Ernest Carlson Asst. leader George Zeeder, Cubmaster Tony Morell, and Executive Director Parker of Warren were present.

During the business meeting it was decided to hold the Scout dinner during Scout Week in February as well as the Finance campaign at that time. Four men were elected to the General Committee as follows: Homer Gilfert, C. H. Gardner, James Waite, and Vernon Swanson. Officers elected for the ensuing year were Chairman Walter Cox; Secretary, C. H. Hanson; Treasurer, Adolph Johnson; Program chairman, Everett Johnson; Troop committee chairman, Clyde Gilfert; Cub chairman, Leroy Johnson; Finance chairman, E. O. Nelson.

The Ludlow District Committee is also applying for a charter which will allow an Explorer Post in Ludlow for older boys. Committee for that Post will be L. B. Connelly, James Waite, and C. H. Gardner. Ludlow Commissioner is Homer Gilfert.

PERSONALS

## CHRISTMAS CHECKS

Six hundred and thirty-five million dollars were distributed to about eight million three hundred and sixty thousand Christmas Club members by approximately five thousand banking and savings institutions and other organizations during National Prosperity Week, November 25-30, according to an estimate given out by Herbert F. Rawall, founder and president of Christmas Club, a corporation.

The total distribution is 15.7% ahead of last year and represents an all-time high for the thirty-six years of Club operation. The average per-member distribution is about \$100,000 in large metropolitan areas and \$76.00 for the entire country, as against \$72.00 last year. The total number of individual members participating this year shows an increase of seven hundred and sixty thousand over a year ago.

A recent cross section survey indicates the estimated funds of \$635,000,000 will be used by the recipients approximately as follows:

Permanent Savings	32%	\$203,200,000
Insurance Premiums	12%	76,100,000
Debt Retirement	7%	44,500,000
Year-end Bills	7%	44,500,000
Taxes	10%	63,500,000
Christmas Purchases	32%	203,200,000
	100%	\$635,000,000

In the distribution of Christmas Club funds this year, New York state leads the other states with about \$176,000,000, the estimates for Pennsylvania are \$78,000,000, for Massachusetts \$63,000,000, for New Jersey \$49,000,000. New York's Metropolitan area will receive about \$110,000,000.

The Bank of America N. T. & S. A. had about \$12,500,000, for 125,000 members in California. The Bank of the Manhattan Company had \$6,200,000 for 65,000 members enrolled in 49 offices in Greater New York. The Samen's Bank for Savings in New York City had Bank of Brooklyn \$3,280,000; The Howard Savings Institution of Newark, N. J. \$2,800,000; in Hudson County, N. J. the Trust Company of New Jersey and the Hudson County National Bank each had about \$2,250,000. About 15% of the entire fund of \$635,000,000 was distributed by the following forty three banks, each of which has more than one million dollars.

## CANCER DANGERS

Greater knowledge among Pennsylvanians of the seven cancer danger signals is essential if the steadily mounting death rate from this disease is to be halted. "Superstitions on cancer will vanish and the mortality rate will be lowered when the public becomes better acquainted with the cancer facts," the Pennsylvania Division of the American Cancer Society warned. "A big step in reducing cancer fatalities undoubtedly would result if everyone became familiar with the cancer danger signals."

"As high as 95 per cent of cancer cases can be cured if detected and treated early, but to assure this all individuals should be familiar with the disease's symptoms. If this were done from 4,200 to 7,000 additional Pennsylvanians could be saved annually from eventual death by cancer."

A physician should be consulted immediately if any of these danger signals appear:

1. Any sore that does not heal, particularly about the tongue, mouth and lips.
2. A painless lump or thickening, especially in the breast, lip or tongue.
3. Bloody discharge from any of the natural body openings.
4. Progressive change in the color or size of a wart, mole or birthmark.
5. Persistent indigestion.
6. Persistent hoarseness, unexplained cough or difficulty in swallowing.
7. Any radical change in the normal bowel habits.

Cancer can be avoided, as far as possible, by preventing prolonged irritation to any part of the body, and by eliminating unnecessary abuse of any tissue.

That news photographer discovered Wednesday that John L. Lewis is not carrying that cane just because he is recovering from a recent appendectomy.

Send in that check for those Christmas seals.

## WHAT IT MEANS

By LESLIE HIGHLEY

WASHINGTON—An increasing trend in favor of independence is taking place in Puerto Rico as a result of the end of World War II and the clamor for liberation voiced by dependent peoples around the globe.

Puerto Rico was a colony of Spain for some 400 years and has been an island possession of the United States since 1898. It has 2,000,000 people.

The increasing independence sentiment has been reported by colonial experts here as the result of the recent formation of a political party in the Caribbean island to seek independence on the basis of:

1. Friendly negotiations with the United States.
2. Security for the Puerto Rican people under a liberal social and economic domestic policy when independence is achieved.

Showdown in 1948

This is the first time a political party with a platform based on independence has been organized in the island. Its strength will be tested in the 1948 elections.

Independence parties had been formed previously. They failed when they preached hostility or terrorism against the United States, or when they forgot their pledges after coming into power.

The new Independence Party of Puerto Rico has been organized to offer evidence to the U. S. Congress and the federal administration that the island wants its freedom.

Party leaders say President Truman called upon Congress to allow Puerto Rico to choose its political future but that they do not expect Congress to authorize this plebiscite.

These leaders do not blame Congress. They feel the problems to be considered are of such magnitude that they prevent a speedy and conscientious solution.

Since they believe that a plebiscite authorized by Congress would be hard to obtain, Independentistas want to have their own referendum.

The Popular party, in control in Puerto Rico, does not advocate any particular form of government. It is committed not to seek any. The Republican and Socialist minority parties advocate statehood. The Liberal party, also a minority, wants a plebiscite.

One Independentista leader visiting here recently said "If the people vote us into power, it will mean a majority of the voters are in favor of independence."

Could Embarrass Congress

With this support from the voters, the party could ask Congress to grant Puerto Rico its independence on the ground that the people

want it. They give considerable importance to the fact that the party, if voted into power, would have a resident commissioner speaking for independence in the U. S. House of Representatives.

An interesting development in the formation of the new party is that it found itself with a three-vote minority in the Legislative Assembly without ever going to the polls. This three-vote minority is stronger than those of the other minority parties.

This is what happened:

The Popular party controlled 54 of the 58 seats in both Senate and House. It elected several assemblymen strongly in favor of independence, but the executive body of the party decreed that none of its members could belong to any organization supporting independence and to the party at the same time.

The three legislators belonged to the Congress of Puerto Rican Independence, a non-partisan organization ardently in favor of liberation. When the alternatives were put up to them, they resigned from the party, joined the new Independence party but did not resign their seats in the legislature.

Washington officials who deal with Puerto Rican affairs feel that the United States may be embarrassed if the independence movement takes control of the island government.

U. S. Relies On Marin

Meanwhile they are relying on Luis Munoz Marin, Senate president and leader of the Popular party, who has advised the people that the new party will create problems to the United States in its international relations.

He has told the people that the island's political future is the exclusive problem of the United States and Puerto Rico and that it will be up to him and his party to solve the problem when the time comes.

Puerto Rico got its first native governor in 450 years of Spanish and American colonial rule last August. This step, the people were told, was in line with both the Popular party's and the federal administration's policies toward self-government.

Independentistas, however, have conceded no importance to the appointment. They say it does not solve any of the fundamental political, social or economic problems of the island.

## Mother of Christmas Stamp

"Help us, Emily!" pleaded Dr. Joseph Wales on a bleak afternoon a few months before Christmas, 1907. "Otherwise we'll have to turn those poor sufferers out to die." For the last hour he and his cousin, Emily Bissell, Wilmington, Del. social worker, had been reviewing the dogged during experiment of a group of Wilmington doctors who sought to cure tuberculosis, the No. 1 killer of the times. In an age when people believed the white plague doomed its victims to certain death, they had assembled eight charity patients in a little shack on the banks of the Brandywine for which they paid Alfred du Pont a dollar-a-year rent, and were trying the effects of fresh air, rest and the right food.

The patients were making progress, but the funds had run out. So Dr. Wales appealed to his cousin for help. That's how the Christmas tuberculosis stamp was born. Most people would have quailed and quit before the problem. What Emily Bissell did started a ball rolling that has amassed in 39 years \$165,000,000 which has been used to battle the disease back to seventh place among the killers. Today, both the annual stamp sale and the battle are conducted by the National Tuberculosis Association. This year the fight is being waged with renewed vigor because tuberculosis is still the biggest killer of young people from 15 to 35, who are working to acquire an education, start a career and build a home. Only \$300 was needed to carry on the early battle on the banks of the Brandywine, but Emily Bissell racked her brain for days before she remembered a story by Jacob Riis of a Christmas stamp that originated in Denmark and was sold to raise money for a sanitarium for tubercular children. So she began, wading through a forest of discouragement. She drafted the crimson and white design for the first stamp—a wreath around the words "Merry Christmas"—and an artist whipped it into shape. Two women friends gave \$10 apiece to help. A. J. Bissell, the postmaster permitted sales of the stamps in his lobby. Miss Bissell took her story to the Philadelphia newspapers, and at the end of the season the stamps had brought \$3,000. Last year they raised \$15,500,000. These funds are used to educate the public, operate clinics and nursing services, to train personnel. Have you bought your stamps for 1946?

## Christie-Engstrom Rites Announced

Youngsville, Dec. 2—A charming candlelight wedding was solemnized last Friday evening in the Lutheran church, when Miss Phyllis Engstrom, daughter of Mr. and Mrs. Noyd Engstrom, of Youngsville, became the bride of Paul Christie, son of Mr. and Mrs. C. S. Christie.

Rev. Earl Carlson, pastor of the church, performed the ceremony, using the double ring service. The church was decorated with beautiful white chrysanthemums and ferns. Don Aberg sang two solos and Mrs. Robert York played wedding music.

The bride, who was given in marriage by her father, wore white satin with fingertip veil and corsage of white roses and mums. She was attended by her sister, Miss Barbara Engstrom, groomed in pink with a corsage of pink and white pompons and camillias. The groom's brother was the best man, with ushers, Robert York, of Youngsville, and Fred Lawton, of Warren.

A reception for a large group was held at the home of the bride, Mrs. Christie wore a red wool jersey dress with black accessories for the wedding trip, which included a visit to Cleveland. The newlyweds are now residing on Fifth avenue, Warren.

## METHODIST CHOR PLANNING MUSICALS

### Thanksgiving Day Rite In Pittsburgh For Local Couple

At a Thanksgiving Day wedding in the Sixth Avenue Presbyterian church in Pittsburgh, Miss Marguerite Slacum, daughter of Mr. and Mrs. W. S. Slacum, 8 Jackson avenue, became the bride of John T. Krantz, son of the late Karl A. Krantz, and Mrs. Ethel Krantz, 10 Jackson avenue.

A beautiful preliminary recital by the church organist included "I Love You Truly," "O Promise Me," and the arduous movement from Tschakowsky's Sixth Symphony. In addition to the traditional wedding marches, "Because" was played during the ceremony. The ceremony was performed at 12:30 p. m. by Dr. Thomas MacCartney.

The bride came down the aisle on the arm of her brother-in-law, Laurie Billstone. She wore an ice blue, street length dress and a small halo hat of ice blue feathers, with a flowing tulle veil. She carried a bouquet of white chrysanthemums.

Mrs. Laurie Billstone attended her sister as matron of honor. She wore a gray hat and dress and carried yellow and bronze chrysanthemums.

The bride's mother chose a fuchsia dress and hat, with a corsage of pink roses. The mother of the bridegroom wore a black dress and hat with a corsage of yellow roses.

Laurie Billstone was best man. Following the ceremony, a traditional Thanksgiving Day dinner was served for relatives and members of the bridal party at Randall's Inn, in South Hills, Pittsburgh.

The bride and bridegroom were both graduated from Warren High School in the Class of 1938. The bride subsequently attended George Washington University in Washington, D. C., and served for ten months during the war in the Nurse Cadet Corps. Mr. Krantz attended Penn State College and served in the United States Navy as a Seabee in the Aleutians for three years. He is employed as a chemist with the Jones and Laughlin Steel Company. Mr. and Mrs. Krantz are now at home at 232 South Euclid street, Pittsburgh.

### Hope To Organize Y-Teen Mothers In Club Wednesday

The committee for teen-age program of the YWCA is issuing invitations to all mothers of Y-Teen-age girls in Warren and North Warren to attend a mother-daughter supper to be held at the "Y" activities building Wednesday, December 4th at 6 p. m. Plans for the event stemmed from the tea given last Tuesday for mothers. Prompted by the committee's efforts to organize a Y-Teen Mothers' Club in Warren, both the tea and the mother-daughter event are meant to draw together those women in the community interested in the Y-Teen clubs, in the YWCA as a whole, and in studying the circumstances affecting the welfare of the teen-age girls and boys of Warren.

All mothers of teen-age girls interested in a Y-Teen Mothers' Club will be welcome at this supper event. They may call 450 no later than 5 p. m. Tuesday for information and to leave their names and the names of their girls.

### Meacham and Bell Wedding Saturday In Trinity Church

Trinity Memorial Episcopal church was the scene Saturday afternoon at four o'clock of the wedding of Miss Mary Darling Bell, daughter of Mrs. Edward M. Bell, Jr., 506 West Fifth avenue, and Richard West Meacham, son of Mr. and Mrs. H. B. Meacham, Crescent Park. The Rev. Beecher Rutledge officiated at the ceremony, before an altar decorated with white flowers and candles.

Attending the couple were Mrs. R. E. Nauman, cousin of the bride, and Harry Kopf, Jr.

The bride was lovely in an olive green gabardine suit with black accessories and a corsage of pale yellow rose buds. Mrs. Nauman wore a duobonnet.

Mrs. Meacham attended Los Argos School for Girls in Phoenix, Arizona, and was graduated from the Hathaway Brown School in Cleveland, Ohio. Mr. Meacham was graduated from Warren High School, attended Pennsylvania State College, and is now enrolled at George Washington University, Washington, D. C. He was in the Naval Air Corps for four years, and at the time of his discharge from service, he held the rank of lieutenant, junior grade.

After the first of the year, the newlyweds will reside in Washington, D. C.

### Brown-Summerton Baltimore Nuptials Of Interest Here

A very attractive informal double-ring wedding ceremony was performed on Friday, November 15, at 7 p. m., when Genevieve A. Summerton, daughter of Mr. and Mrs. R. N. Summerton, 31 Jefferson, Tidouite, became the bride of Lawrence F. Brown, son of Mr. and Mrs. H. F. Brown, Jackson Mill Road, Weston, West Virginia, at the Edmondson avenue Methodist church in Baltimore, Maryland, with the Rev. Leonard B. Smith officiating.

The bride wore a light gray suit with powder blue accessories. Her shoulder corsage was of gardenias and red roses. She was attended by her sister, Margaret M. Summerton, who was wearing a gray pin-stripe suit with black accessories and a corsage of pink roses.

The bride's mother was attired in black with fuchsia accessories and wore a corsage of pink roses and white pompons. The groom's mother was attired in black with black accessories and wore a corsage of pink roses and white pompons.

The bride is a graduate of Tidouite High School and the Brooklyn Hospital School of Nursing, New York City. Mrs. Brown served fifteen months in the Army Nurse Corps, of which thirteen months were spent overseas in England and Germany.

The groom was attended by Mr. Stanton Marsh, of Weston, West Virginia.

Mr. Brown is a graduate of Weston High School and West Virginia Wesleyan College, with Bachelor of Science degree, and at present is matriculating at the School of Medicine, University of Maryland, Baltimore, Md. Mr. Brown served in the army for thirty-seven months, of which thirty were spent in Italy, Southern France, the Bulge and Germany as both enlisted man and officer.

Out of town guests were Mr. and Mrs. R. N. Summerton, Miss Leila E. Kimble, of Tidouite; Miss Margaret M. Summerton, student of Bucknell University, Lewisburg; Mrs. H. F. Brown, and daughter, Madeline, and Stanton Marsh, of Weston, West Virginia.

After a wedding reception at the Sheraton, Belvedere, the couple left for Washington, D. C., for a short wedding trip. Returning they will reside at 21 Nunery Lane, Baltimore.

## Bradford Woman Is Injured In Crash With Big Trailer Truck

State police from the local barracks had a busy weekend which will result in at least two operators being charged with violating of the motor vehicle code.

At 9:30 a. m. Sunday, near the FM crossing on Route 6, Walter H. Murphy, 113 Clarence street, Bradford, driving a 1942 Dodge

sedan west on Route 6, crossed over the center line and struck a White truck-trailer owned by the Sun Oil Company and driven by Carl Maxwell, 2021 Oneida street, Erie, causing considerable damage to both machines. Damage to the Murphy car is estimated by police to be about \$250, to the truck, \$750. Murphy will be charged with failure to yield the right of way, rs. Margaret Bell, 45, of 172 High street, Bradford, a passenger in the Murphy car, was given emergency treatment at Warren General Hospital for bruises on her right knee and forehead.

At 7:50 p. m. Sunday, the state police were called to the vicinity of the Irvine overhead on Route 6 when a truck sidwiped a 1936 Plymouth coach operated by Howard M. Graff, Girard RD 3, and continued without stopping. Graff's car, in which were three other hunters, all en route to Mt. Jewett to go hunting, was damaged to the extent of about \$50. According to Graff, several other cars were following the truck, and the state police ask that any persons having information of value to them will please report it at once.

No one was injured, but another car was damaged to the extent of about \$50 at 12:15 a. m. today when Robert L. Johnson, Warren RD 1, coming from Cherry Grove through Pleasant township, missed the curve at the lower end of the Pleasant road and overturned into a four-foot ditch.

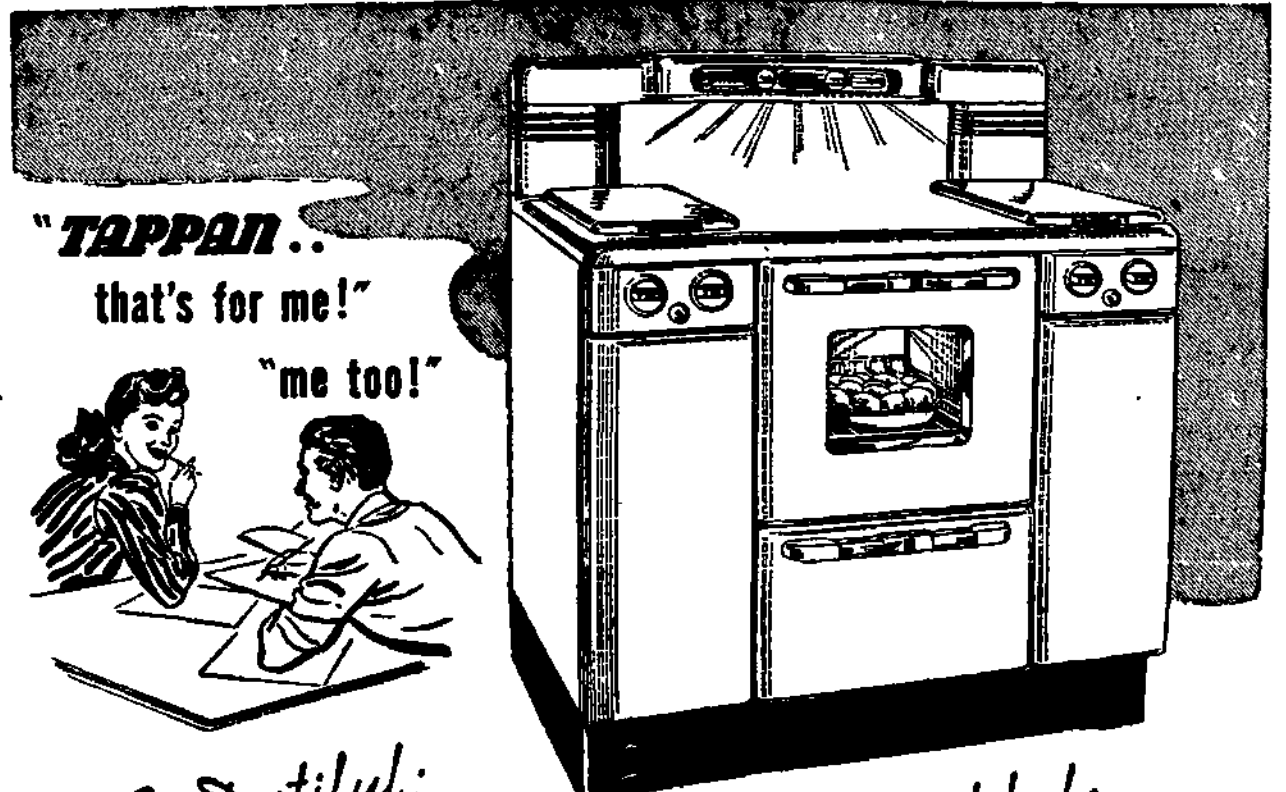

Earlier in the weekend, at 9:15 p. m. Saturday, Charles VanGuilder, Pleasantville RD 3, driving a 1937 Ford coupe, made a turn in the Enterprise intersection of Route 27, and struck a Buick owned by D. H. Rice, Bradford, damaging the latter to the extent of about \$50.

**Tools Lost In  
Deep Test Well  
On Carter Hill**

Drilling of the Pennsylvania Gas Company deep test well on Carter Hill near Corry has been held up the second time with the tools lost in the hole. The first mishap of this kind took place last Tuesday but the tools were promptly recovered and drilling was resumed. Now the tools have been lost again and a fishing job is under way. A truck from Bradford with special fishing equipment was sent for and is on the job.

The well is now down 170 feet and the drill is working in shale rock. The big 12 inch casing has been completed and from this point on downward a 70 inch casing will be used.

It was felt there would be no unusual difficulty in recovering the tools and resumption of drilling is expected soon.

**Carpenters and Their  
Ladies Have Fest**

A Thanksgiving turkey dinner was a festive occasion at the YWCA on Tuesday for members of the United Carpenters and Joiners of America, Local 1014, and their ladies.

The nail sluggers proved they were as adept with knife and fork as they are with the tools of their trade, and the delicious victuals were dispatched with ease and evident enjoyment. When every countenance registered contentment, N. B. Matthews introduced the guests, Mr. Miller and Mr. McCormick, construction superintendent and foreman of the Fenelon project, who responded with words of appreciation.

Appropriate remarks were also heard from Phil Maines, president of Local 1014; Chris Larsen, financial secretary; Frank Eken, oldest member present; Andy Grenberg, Ross Carlson, and Emil Johnson. The attendance numbered 77 members and ladies.

Which is more difficult, the play of the declarer or the defender? Generally speaking I believe that more skill is required in the play of the dummy. Of course, making the right opening lead is important, but the opportunities for exceptionally clever defensive plays do not arise frequently.

If the defender keeps a good count on the hand and follows the play carefully, he will get all his tricks.

In today's hand there was an opportunity for an alert defensive play. On the very first trick, when a low heart was played from dummy, East had to play his king on his partner's queen. Otherwise West would have overtake it, declarer would let it hold, and East would have to return another suit.

Hearts were continued after East won the first trick and declarer held off until the third round, East discarding a club. Now declarer led a small diamond, and if West had followed the old rule, second hand low, the contract would not have been defeated. Declarer would have played dummy's nine-spot and East's queen would have won. But East had no hearts to return. However, West put up the ten-spot, dummy's ace was played, and once again East was on the alert. He dropped the queen of diamonds on the ace, thus establishing a diamond entry for his partner—to cash all those good hearts.

xxx  
East had nothing to lose in dropping his queen of diamonds. If West had only the jack and ten of diamonds, declarer would be able to pick up the rest of the diamond suit with the king.

The orang-utan, one of the great apes, builds its nests high in the trees and frequently builds a new one each night.

# DRAGONS START OFF BASKETBALL SEASON WITH A BANG

## GAIL NELSON HITS THE HIGH SCORE; EAGLES OUTDISTANCED IN THE GAME'S SECOND HALF

The ball sailed through the air, swished through the net, and again the Dragons basketballers scored.

This happening was repeated fast and furious in the second half of the Warren-Youngville basketball game Friday night at Beatty Junior High school, from which the Dragons topped their opponents 40-28 after trailing 17-14 at half time.

It is estimated that close to 500 fans watched the Dragons quite a few being representatives of the Titusville and other teams whose season doesn't start for another week or so. The Dragons however gave them what they were looking for by coming from behind at half time to score 26 points in the last half while holding the Red and White quiet to two points in the third quarter and nine in the final.

Gail Nelson, the Dragons' star hold-over from last season, really played ball last night, and led the scoring for both teams by sinking six field goals and making one foul shot out of six tries. Ed Wollaston, the other Blue and White Letterman showed up fine with four field goals and a total of eight points. Forward Dick Spencer racked up ten points including four out of five foul tries, followed by Center Steve Smith with nine counts.

Coach Joe Massa has stressed to the boys the importance of being deadly on foul shots. Last year two of the few games lost could have been saved had more accurate foul shooting been exhibited. Last night the Dragons ended the game with a 50% mark making eight out of ten foul shots.

Bud Nordin showing the way with two made out of two tries in that division while Fred Weigle was close behind with one for one. The Eagles however, fared much worse being able to make only six foul shots out of 17 attempted. Dick Spencer's 4 out of 5 was best for their cause.

The strength and overwhelming power shown by the locals in the last quarter after making a sick-looking start, gave Warren fans a taste of the not-too-far-distant future and gave them an idea what they can expect throughout the rest of the season. Power plus was shown in that fast comeback.

The teams started off pretty evenly, the lead changing hands quite often. The score was at 6 and 5 when the Eagles started off on the races. Once the ball went through the visitors' basket and then Steve Smith swished in a one-handed, Fred Weigle sunk a foul shot to make it 10-6 at the end of the first quarter. The Dragons, aided by Crocker's two perfect foul shots worked the score 0-13-12, in Youngsville's favor at the start of the second quarter. Big Decker jumped up and took one off the boards and rolled it in to give the Dragons the lead, but his, however, didn't last. Dick Spencer dropped one in and Center Smith came across with another one-handed swish shot. One from past the foul line, to leave the count at 17-14 as the half ended.

The outlook seemed much different when the Dragons started playing in the second half. Nelson ranged up with four field goals. Wollaston with three and substitute Phil Colosimo hit two in the last half to start the game becoming the end for Youngsville. The Eagles were unable to score more than four goals in the last half, forward Ken Johnson being ejected from the game on personal fouls midway in the last quarter.

The fast break of the Dragons began to work a little slicker in the last half and Dragons went to town with ease but Coach Massa found many discrepancies that will have to be ironed out before the Dragons tangle any of the tougher teams in the district.

Next Friday night the Dragons will show whether it was just luck or skill that was hidden in the first half when they meet the Cory Beavers on their own floor.

## Ask Hunters Not To Shoot At Markers

Officials of the State Department of Highways today directed an appeal to deer hunters when they take to the fields this fall to refrain from using traffic markers as targets. The photograph shows a mutilated sign which has been shot at by someone with a high powered rifle.

"These traffic signs have been erected to promote safe driving," Ray F. Smock, secretary, said. "Mutilated signs are of little value to the motoring public. Their effectiveness is lost and damage to signs may result in serious accidents and the loss of life."

"Since the war the department has been unable to purchase new signs to replace those damaged and also to erect new ones at danger spots because of the serious shortage of steel."

"Traffic signs are public property. With the deer season approaching it is hoped that hunters will consider the safety of motorists and not use these signs for targets."

## Ruhlman Paces Struthers To Victory Over Forgers in Y League; Bakers Are Winners

The "Y" City Basketball League went into action again Saturday night, a change from the usual Thursday night playing time because of the holiday, and Bakers and Struthers came out the winners in the two games over Greens and the National Forge, respectively.

Bakers pulled a 39-16 count over Green's in the first game at 7:30 o'clock with Dick Finley hitting the bucket eight times for a total of 16 points. The Allegheny Mountain Conference team showed some fast and slick ball handling and shooting and will, no doubt stand a good chance in their new league which will start soon.

The Struthers Wells combine, showing unlimited power in the pre-season practice game as well as their unequalled dribbling over the Forgers by a 59-8 score in favor above all for a victory in the City League. Terry Ruhlman, tall Struthers center, proved to be well up to pre-season prediction in his brilliant board-work as well as all around good playing. He led the scoring for the winners with 17 points while "Weasel" Hammerbeck hit 14 Tom Juliano sunk 12 and Bill Weidert garnered 10 points. "Measie" Traub and Gus Lawson cornered 6 points together but their stellar guard work left no room for scoring spears.

A battle royal will be open at regular prices to basketball fans Monday night when Struthers will tangle with Bakers at the Y. These teams have proved themselves the toughest teams in the league and the game will probably decide which will edge throughout the remainder of the first half.

Not only will this be a good game, but the winners of Monday night's games will also meet for the second game, to start at 8:30. Youngsville who pulled a nice win from the Warren Taverners by a good score and the O'Connors team from Sheffield took the Times-Mirror in a close one. Fans who attend these games, with the City League a much faster and better league this season, will sure get their money's worth.

## Doubtful Of Army Lead In Pigskin Race

New York, Dec. 2.—(AP)—Boosters of Notre Dame, Georgia and UCLA are claiming the college grid title today on the basis of Army's close call with Navy in the final pre-bowl roundup of the 1946 season.

Georgia and UCLA rank at the top of the 14 unbeaten, untied eleven in the nation on the strength of their major schedules but the Irish from South Bend who wound up a defeatless campaign by trouncing Southern California, 26-6, have a valid claim through their 0-0 tie with the Cadets.

Army still could point to a shiny record of 27 victories and only one tie over a three-year span although they were within a couple of strides of a shocking defeat by the inspired Middles Saturday at Philadelphia. Army won 21-18.

Charlie Trippi put on a show, designed to strengthen his bid for an All-American rating, by scoring three touchdowns and passing for a fourth in Georgia's romp over Georgia Tech, 35-7. Shortly after the game, the Bulldogs were invited to oppose North Carolina, 49-14 victors over Virginia, in the Sugar Bowl at New Orleans.

The UCLA Bruins warmed up for their Rose Bowl date with Illinois by downing Nebraska "Under wraps," 18-0, with film scouts in the stands. Running up 433 yards, the Bruins boosted their season scoring total to 313 points.

Although scattered games involving at least one conference title, the Big Seven remain to be played, most of the teams finished their seasons Saturday. The exceptions are the 40 or so eleven who are due to compete in at least 20 post-season tilts from Dec. 7 through New Year's day.

Most of the bowl pig moters have named the competing teams, St. Marys and Georgia Tech falling in line and for an Oil Bowl booking at Houston yesterday. Invitations also were extended to Virginia Tech and Southern Methodist for a Sun Bowl tilt at El Paso. St. Marys downed San Francisco Sunday 6-0 and SMU drubbed Texas Christian, 30-13, Saturday.

## Bonnies Into Tobacco Bowl

The St. Bonaventure College Brown Indians have hit the jackpot with a big name coach, Hugh DeVore, to coach their squad. The Indians opened a new stadium on the campus and then won six out of seven games, including the Little Three Championship through wins over Niagara and Canisius. Now comes the Tobacco Bowl bid from Lexington, Ky., for Dec. 14 to complete the Bonnies season sweep.

Records fail to show when any Brown Indian team ever competed in such a post-season contest, so this is something new for the St. Bonas. Another thing is questionable, and that is if any other Bonnie team has ever played in Kentucky. Coach DeVore is leading the Brown Indians to some lofty heights.

## BOWLING

In the Friday evening encounter on the Conewago Club alleys, the Dodgers took four points from the Cubs in a match which was a very low scoring affair. Johnny Trevenen was the "big boy" for the Dodgers with a 526 total while Timmie Creal contributed a 195 single game. For the Cubs, Bill Lutz tossed a 191 game and 518 total.

In the Saturday evening match, the Red Sox collected three points from the Tigers. Bob Gibb had high total and high single game for the winners with 562 and 202 while Neil Culbertson aided the cause with a 200 game. Wayne Helmbrecht's 518 total and Bill Cashman's 202 led the Tigers.

## Navy's Baysinger Crashes Army Line to Score

The referee's arm goes up to signify a touchdown after Quarterback Reaves Baysinger slashed through tackle from the half-yard line for the first of the three Navy scores in the classic gridiron struggle at Philadelphia's Municipal Stadium. An overwhelmingly favored Army team scarcely managed to win, 21-18, by staving off a Navy threat which carried inside the one-yard line just before the game ended.

## Greatest Spectacle Of Year Shown By Army and Navy In The Battle at South Bend

BY HERBERT ATSCULL  
Philadelphia, Dec. 2.—(AP)—That Army outclassed Navy 21-18 in the 1946 edition of the service football classic was history today but it will be many years before sports fans forget the titanic struggle and its unmatched climax.

Gone from the collegiate gridiron scene are nine of the mighty Army footballers who swept through consecutive games without defeat over a three-year span, a team that ranks among the greatest in football history.

But save for a clock whose hands moved faster than the Navy team, that record probably would have been shattered and college football's biggest upset might have been staged.

Notre Dame and performed so ably that he graduated to the first team.

A virtual unknown, Baysinger was the inspirational guide in Navy's heroic struggle. He repeatedly tripped up Army defenders with his play-calling.

With fourth down on Army's 11 and seven to go and Navy trailing 21-6, Army went into a pass defensive formation. Baysinger lateraled back to Pete Williams and Williams swung wide and burst to the four for a first down and Navy went on to score its second touchdown.

But the climax play came on Navy's final touchdown. With the ball on the Army five, Navy backs three times crashed into the line and got only a total gain of one yard.

Then on Fourth down, Baysinger flipped a lateral pass to Earl who ran briefly, stopped and passed into the end zone to the unguarded Leon Bramlett.

The Navy last half surge took much of the edge off the final college performances of Glenn Davis and Doc Blanchard. But the Army touchdown twins were never better. Each played the full 60 minutes, turned in brilliant long runs and rose up with gallant defensive play to halt the inspired Middles.

It was a great—and ofttimes berserk—college football season and it was only fitting that Army and Navy should finish it off with the greatest spectacle of the year.

## ANCIENT BISON HERD

Flint points and bones, uncovered deep in the earth in New Mexico, indicate to scientists that an ancient and no extinct race of bison was hunted by man on this continent at least 10,000 years ago, and perhaps as long ago as 25,000 years.

## COPIED THE MAPLE

Supplies were dropped to fighters during World War II in containers copied from the design of maple seeds, and the containers signed to earth in the same manner that the maple seed wings its way to earth in spring.

## It is said that trees growing on the northern side of a hill produce more durable timber than those on the southern side.

## Jamestown Has New Contract With Falcons For Stadium

Jamestown Post Journal: A new contract for use of the Municipal Stadium with John J. Jacuplyn, owner of the Jamestown Falcons, unchanged from last year but for a five-year period instead of one, was authorized by the City Council Tuesday night by unanimous vote.

The contract provides, as did the previous one, that the city is to receive 20 per cent of the gross receipts from regular PONY League games up to \$25,000, 22 1/2 per cent of the gross between \$25,000 and \$30,000, and 25 per cent of the revenues in excess of \$25,000.

Excluded from these provisions are all exhibition games, PONY league playoff games to determine the winner of the Governor's Cup award, and all exhibition games including such games as may be played on Memorial Day, Independence Day, and Labor Day. The revenue from these

Also under the terms of the contract the city is to pay for the cost of lighting the stadium, flood lighting the diamond for night games, and for the maintenance of the lighting system.

At a recent session of the council a substantial appropriation was passed to finance the purchase of new steel bleachers to replace the wooden bleachers now in use, and since the seating capacity is expected to be increased by the repair and reinstallation of part of the present bleachers, it may be that this will result in increased attendance.

Last year with an attendance of 139,816 falling only 3,200 short of an all-time record a new high in revenue was attained with \$12-310.72 finding its way into the city coffers.

This exceeded the year's commitments by \$1,208.72, the council having appropriated \$7,950 for expenses and maintenance, \$3,900 for payment of stadium bonds, and

# DRAGONS START OFF BASKETBALL SEASON WITH A BANG

## GAIL NELSON HITS THE HIGH SCORE; EAGLES OUTDISTANCED IN THE GAME'S SECOND HALF

The ball sailed through the air, swished through the net, and again the Dragons' basketballers scored.

This happening was repeated fast and furious in the second half of the Warren-Youngsville basketball game Friday night at Beatty Junior High school, from which the Dragons topped their opponents, 40-28 after trailing, 17-14, at half time.

It is estimated that close to 800 fans watched the Dragons, quite a few being representatives of the Titusville and other teams whose season doesn't start for another week or so. The Dragons however, gave them what they were looking for by coming from behind at half time to score 26 points in the last half while holding the Red and White quiet to two points in the third quarter and nine in the final.

Gail Nelson, the Dragons' star hold-over from last season, really played ball last night, and led the scoring for both teams by sinking six field goals and making one foul shot out of six tries. Ed Wolterman, the other Blue and White Letterman, showed up fine with four field goals and a total of eight points. Forward Dick Spencer racked up ten points including four out of five foul tries, followed by Center Stevie Smith with nine counts.

Coach Joe Massa has stressed to the boys the importance of being deadly on foul shots. Last year two of the few games lost could have been saved had more accurate foul shooting been exhibited. Last night the Dragons ended the game with a 50% mark being made with Buzz Crocker and Bud Nordin showing the way with two made out of two tries in that division while Fred Weigle was close behind with one for one. The Eagles however, fared much worse, being able to make only six foul shots out of 17 attempted. Dick Spencer's 4 out of 5 was best for their cause.

The strength and overwhelming power shown by the looms in the basketball start gave Warren fans a look into the not-too-far-distant future and gave them an idea what they can expect throughout the rest of the season. Power plus was shown in that fast comeback.

The teams started off pretty evenly, the lead changing hands quite often. The score was at 6 and 5 when the Eagles started off the races. Once the ball went through the visitors' basket and then Stevie Smith swished in a nander. Fred Weigle sunk a foul shot to make it 10-6 at the end of the first quarter. The Dragons, aided by Crocker's two perfect foul shots worked the score to 13-12, in Youngsville's favor at the start of the second quarter. Big Decker jumped up and took one off the boards and rolled it in to give the Dragons the lead, but his, however, didn't last. Dick Spencer dropped one in and Center Smith came across with another one-handed swish shot, this one from past the foul line, to save the count at 17-14 as the half ended.

The outlook seemed much different when the Dragons started playing in the second half. Nelson ranged up with four field goals. Vollaston with three, and substitute Phil Colosimo hit two in the last half to start the game being in the end for Youngsville. The Eagles were unable to score more than four goals in the last half, forward Ken Johnson being ejected from the game on personal fouls midway in the last quarter.

The fast break of the Dragons began to work a little slicker in the last half and Dragons went to town with ease, but Coach Massa found many discrepancies that will have to be ironed out before the Dragons tangle in the district, the toughest teams in the district.

Next Friday night the Dragons will show whether it was just luck or skill that was hidden in the first half when they meet the Corry Beavers on their own floor.

## Ruhlman Paces Struthers To Victory Over Forgers in Y League; Bakers Are Winners

The "Y" City Basketball League went into action again Saturday night, a change from the usual Thursday night playing time because of the holiday, and Bakers and Struthers came out the winners in the two games over Greens and the National Forge, respectively.

Bakers pulled a 39-16 count over Green's in the first game at 7:30 o'clock with Dick Finley hitting the bucket eight times for a total of 16 points. The Allegheny Mountain Conference team showed some fast and slick ball handling and shooting and will, no doubt stand a good chance in their new league which will start soon.

The Struthers Wells combine, showing unlimited power in the pre-season practice game as well as their unrequited clubbing over the Forgers by a 59-8 score, favored above all for a victory in the City League. Terry Ruhlman, tall Struthers center, proved to be well up to pre-season prediction in his brilliant board-work as well as all around good playing. He led the scoring for the winners with 17 points while "Weasel" Hammerbeck hit 14. Tom Juliano sunk 12 and Bill Weidert garnered 10 points. "Mease" Traub and Gus Lawson cornered 6 points together but their stellar guard work left no room for scoring spaces.

A battle royal will be open at regular prices to basketball fans Monday night when Struthers will tangle with Bakers at the Y. These teams have proved themselves the toughest teams in the league and the game will probably decide which will edge throughout the remainder of the first half.

Not only will this be a good game, but the winners of Monday night's games will also meet for the second game, to start at 8:30. Sylvia who pulled a nice win from the Warren Taverns by a good score and the O'Connors team from Sheffield took the Times-Mirror in a close one. Fans who attend these games, with the City League a much faster and better league this season, will sure get their money's worth.

## Doubtful Of Army Lead In Pigskin Race

New York, Dec. 2.—(P)—Boosters of Notre Dame, Georgia and UCLA are claiming the college grid title today on the basis of Army's close call with Navy in the final pre-bowl roundup of the 1946 season.

Georgia and UCLA rank at the top of the 14 unbeaten, untied elevens in the nation on the strength of their major schedules but the Irish from South Bend who wound up a defeatless campaign by trouncing Southern California, 26-6, have a valid claim through their 0-0 tie with the Cadets.

Army still could point to a shiny record of 27 victories and only one tie over a three-year span although they were within a couple of sides of a shocking defeat by the inspired Middles Saturday at Philadelphia. Army won 21-13.

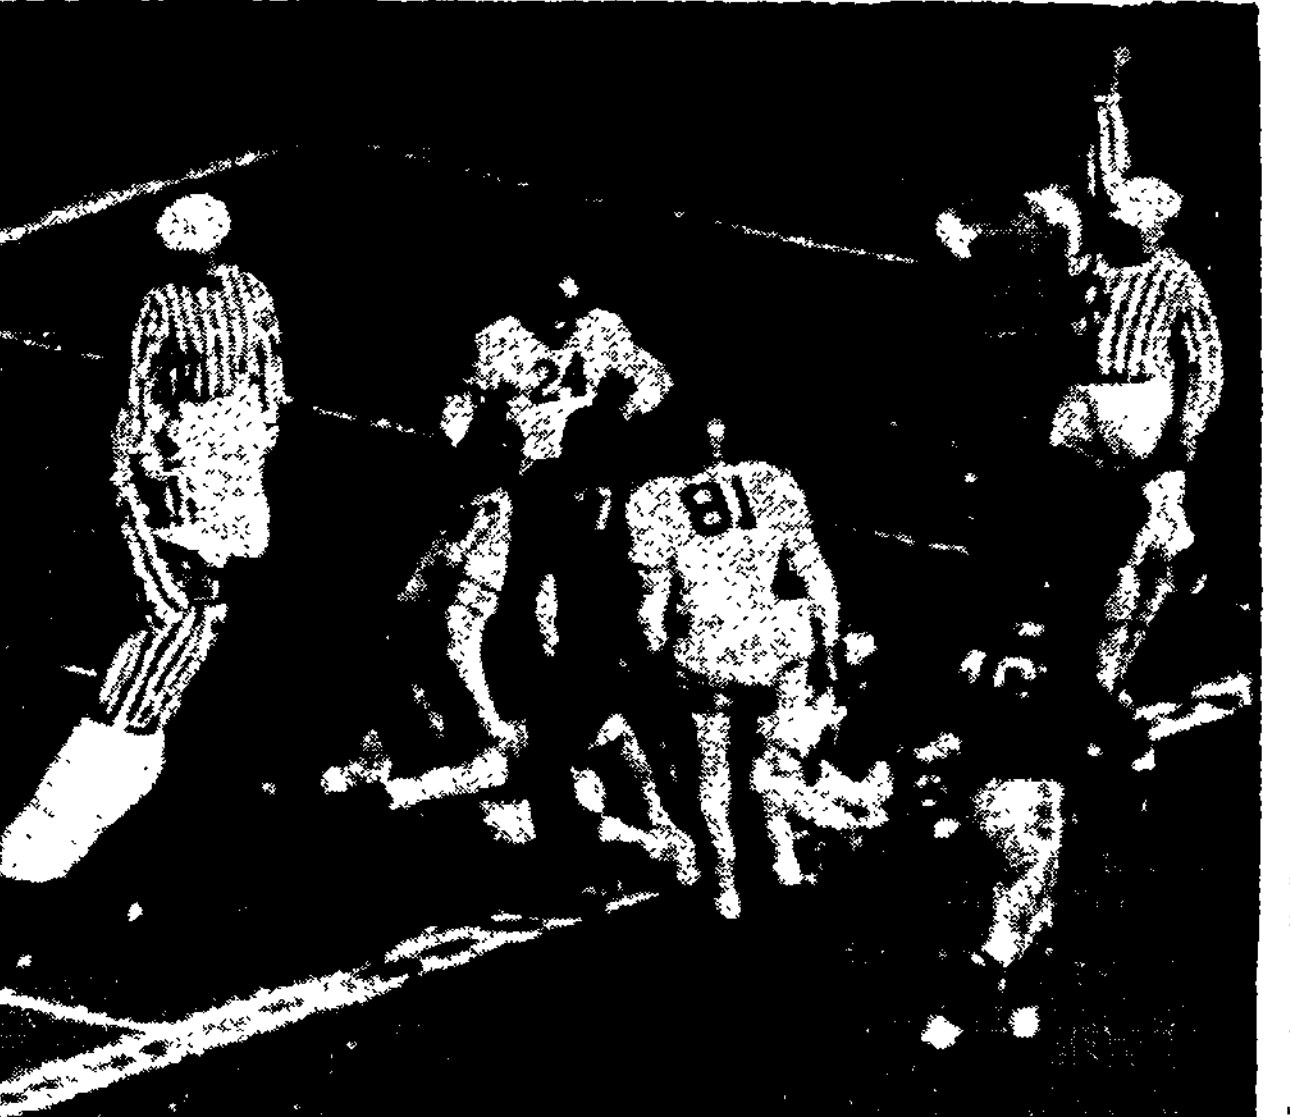

Charlie Trippi put on a show, designed to strengthen his bid for an All-American rating, by scoring three touchdowns and passing for a fourth in Georgia's romp over Georgia Tech, 35-7. Shortly after the game, the Bulldogs were invited to oppose North Carolina, 49-14 victors over Virginia, in the Sugar Bowl at New Orleans.

The UCLA Bruins warmed up for their Rose Bowl date with Illinois by downing Nebraska "Unleash wraps," 18-0, with Illini scouts in the stands. Running up 433 yards, the Bruins boosted their season scoring total to 313 points.

Although scattered games involving at least one conference title, the Big Seven remain to be played, most of the teams finished their seasons Saturday. The exceptions are the 40 or so elevens who are due to compete in at least 20 post-season tilts from Dec. 7 through New Year's day.

Most of the bowl promoters have named the competing teams. St. Marys and Georgia Tech falling in line and for an Oil Bowl booking at Houston yesterday. Invitations also were extended to Virginia Tech and Southern Methodist for a Sun Bowl tilt at El Paso. St. Marys downed San Francisco Sunday 6-0 and SMU drubbed Texas Christian, 30-13, Saturday.

## Navy's Baysinger Crashes Army Line to Score

The referee's arm goes up to signify a touchdown after Quarterback Reaves Baysinger slashed through tackle from the half-yard line for the first of the three Navy scores in the classic gridiron struggle at Philadelphia's Municipal Stadium. An overwhelmingly favored Army team scarcely managed to win, 21-18, by staying off a Navy threat which carried inside the one-yard line just before the game ended.

## Greatest Spectacle Of Year Shown By Army and Navy In The Battle at South Bend

BY HERBERT ATSCULL  
Philadelphia, Dec. 2.—(P)—That Army outclassed Navy 21-18 in the 1946 edition of the service football classic was history today but it will be many years before sports fans forget the titanic struggle and its unmatched climax.

Gone from the collegiate gridiron scene are nine of the mighty Army footballers who swept through 25 consecutive games without defeat over a three-year span, a team that ranks among the greatest in football history.

But save for a clock whose hands moved faster than the Navy team that record probably would have been shattered and college football's biggest upset might have been staged.

They were still talking today about the final hectic minute of Saturday's game in which Navy punched to the Army three, lost five yards on a penalty, swept back to the four but could not run another play as time ran out.

Hundreds of the 102,000 howling fans at Municipal Stadium ringed the field for the final minutes. It was through that crowd that Bill Earl raced in Navy coach Tom Hamilton's last-ditch effort to halt the clock by means of a substitution.

But course, much credit must go to the gallant Army linemen, spent after 60 minutes of rugged football, but with enough left to halt Navy's final thrust.

And then there's Reaves Baysinger, Jr., whose football story reads like a page from fiction, the Navy quarterback, son of a Syracuse University coach, played like a man possessed, the choice of plays was matchless and his passing far outshone that of Army's redoubtable hurling pair of Arnold Tucker and Glenn Davis.

Baysinger was a fourth string Middle sub, just another Alsonar, before he got his chance against

It was a great—and oftentimes berserk—college football season and it was only fitting that Army and Navy should finish it off with the greatest spectacle of the year.

ANCIENT BISON HERD  
Flint points and bones, uncovered deep in the earth in New Mexico, indicate to scientists that an ancient and no wextinct race of bison was hunted by man on this continent at least 10,000 years ago, and perhaps as long ago as 25,000.

COPIED THE MAPLE  
Supplies were dropped to fighters during World War II in containers copied from the design of maple seeds, and the containers spiraled to earth in the same manner that the maple seed wings its way to earth in spring.

## Jamestown Has New Contract With Falcons For Stadium

Jamestown Post Journal: A new contract for use of the Municipal Stadium with John J. Jacoby, owner of the Jamestown Falcons, was changed from last year's contract for a five-year period instead of one, was authorized by the City Council Tuesday night by unanimous vote.

The contract provides, as did the previous one, that the city is to receive 20 per cent of the gross receipts from regular PONY League games up to \$25,000, 22½ per cent of the gross between \$25,000 and \$50,000, and 25 per cent of the revenues in excess of \$50,000.

Also under the terms of the contract the city is to pay for the cost of lighting the stadium, flood lighting the diamond for night games, and for the maintenance of the lighting system.

At a recent session of the council a substantial appropriation was passed to finance the purchase of new steel bleachers to replace the wooden bleachers now in use, and since the seating capacity is expected to be increased by the repair and reinstallation of part of the present bleachers, it may be that this will result in increased attendance.

Last year with an attendance of 139,816 falling only 3,200 short of an all-time record, a new high in revenue was attained with \$1,310,772 finding its way into the city coffers.

This exceeded the year's commitments by \$1,208,72, the council having appropriated \$7,950 for expenses and maintenance, \$3,000 for payment of stadium bonds, and

**VIC FLINT** By MICHAEL O'MALLEY and RALPH LANE

While I was in the water with Clip Lilt's murderer waiting with a knife for me to surface, Groll hit the Lilt's float wide open.

HURRY, INSPECTOR GROLL! I THINK SOMETHING'S GONE WRONG WITH VIC AT THE LEDGE!

I'M WITH IT, SON, CAST OFF!

YOU, MISS LILT?

YES, ME, INSPECTOR! I NEVER SHOULD HAVE LET VIC GO OUT TO THE LEDGE ALONE! WE COULD HEAR MUSIC OUT THERE—THE BLUE CANOE—AND THEN A FLASH JUST LIKE THE NIGHT WHEN CLIP DISAPPEARED!

Back at the ledge I came up face to face with the killer.

HELLO, SHIV.

GREETINGS, SUCKER! NICKED YOU, EH? WELL, TO THE TIME I'M SLICED YOU INTO LITTLE BITS!

I'VE BEEN WAITING FOR THIS OPPORTUNITY, FLINT! ME WITH A KNIFE AND YOU WITH YOUR BARE HANDS!

ONE BARE HAND, SON! I'VE GOT A KNIFE TOO, AND I OWE YOU SOMETHING.

THEY'RE FIGHTING IN THE WATER, HARDY! INSPECTOR GROLL! DO SOMETHING!

THEY? JANET! I SEE ONLY ONE IN THE WATER!

ONE—SANK!

THEY WERE FIGHTING IN THE WATER! I SAW THEM! TWO OF THEM! THEN ONE OF THEM SANK!

EASY, MISS LILT, I CAN SEE!

RUN THAT SEARCHLIGHT AROUND, GROLL! NEE SOMEBODY HERE!

They insisted on boating me first. When we searched the waters, Shiv was gone.

YOU MIGHT HAVE BEEN KILLED, VIC! YOU CAN'T HELP CLIP NOW. PLEASE DROP IT!

I WOULDN'T DROP THIS CASE NOW, JAN. FOR ALL THE TEA IN CHINA.

YOU STAY WITH YOUR MOTHER AND CHIEF CHUM! I'LL TAKE THE OUTBOARD OVER TO HARDY'S AND CHANGE MY CLOTHES.

OH, VIC? ARE YOU ALL RIGHT?

With a shower and dry clothes, I felt calm and relaxed.

NEAT JOB OF BANDAGING FOR AN AMATEUR.

UH-OH! TELEPHONE THEY MUST BE PAGING ME FROM THE LILTS!

ANSWER IT, FLINT! DON'T LET 'EM STOP YOU!

PICK UP THE PHONE, WHEATHEAD! WE'LL TELL YOU WHAT TO SAY!

VIC, THIS IS JANET. I WAS WORRIED ABOUT YOU. WHAT'S KEEPING YOU?

Christmas gifts of games and new sports equipment will be welcomed by men on your list. Twin boxing glove sets provide fun for father and son. The whole family will enjoy an English ring-toss game, upper left. The two-in-one glove, game belt, or golf ball retriever and club-head covers that attach to a golf bag would please a sportsman.

Finished wool. Bright sleeveless glove sets which include a small pair for Junior, a big pair for Dad. Also Christmas makers for the men are dart games including a new variation of the English ring toss which has a wooden board and rings instead of darts and miniature bowling pins and balls. Noteworthy newcomers in gifts for sportsmen are collapsible aluminum golf ball retrievers for fishing wayward balls from water hazards; and numbered golf club head covers that hook securely to the golf bag. More new accessories are lightweight, waterproof game belts with zippered pouch for shells and nylon loops to carry game; floating cork handled boat knives; and a two-in-one glove which combines a capeskin slipper and a removable knitted wool liner.

For the sophisticated blade, a toiletries gift set which includes talc, after-shave lotion and eau de cologne, comes encased in spun aluminum ice bucket which is ready to replace bottles with cubes.

With travel an important item on his postwar agenda the motorist can better plan his vacation trip with gifts designed for that purpose. Notable newcomers are leather map cases with see-through windows to keep maps visible but clean, and auto compasses that attach to the windshield strip.

Robert Alling of Ludlow spent last Tuesday at the home of his grandparents, Mr. and Mrs. Myron Alling.

Benjamin Allen, Jr., U. S. Navy, stationed at Philadelphia is enjoying a ten-day furlough at the home of his parents, Mr. and Mrs. Benjamin Allen, Sr.

Mr. and Mrs. A. S. Brown, of Sheffield, entertained the Saturday evening bridge club at their home last week. Three tables of auction bridge were in progress during the evening, with high prizes being won by Mrs. Howard Perry and J. C. Curtin. Refreshments were served at the close of the evening.

The hostess was presented with a birthday gift. A social time completed this delightful Thanksgiving party. Mrs. Bohman, of Milwaukee, Wis., was an out of town guest.

Special activities at the Sugar Grove Joint Vocational School included a party Friday evening for the Glee Club, composed of the mixed chorus. The early part of the evening was spent at the Paladium in Jamestown, bowling, after which the young people returned to the Home Economics Cottage for refreshments and a social time. Members of the faculty present were Miss Irlene Feldmiller, Everett Landin, Harold Landin, and Richard Sanders.

Mrs. Stella Cross had charge of the program Wednesday, and presented the play, "Be Yourself, Dora," with Charles Wright as Caraway Medford Smith; Ernest Peterson as Charles Mitchell Smith; Beverly Beck as Helene Wilkinson; Dorothy Miller as Dora Ovington; and Donald Frank as Edward Wallace. The play was given in three scenes and had as its objectives to suggest that one should not allow himself to become discontented with his job, no matter what it may be, there are times when discouragements will come. To show that it does not pay to misrepresent one's self, nor what one has, nor what one is. Discuss the value of "job-sharing." Discuss the statement, "if you don't get the job you like, learn to like the job you get."

The floor in the gymnasium is being refinished with the American Legion doing the sanding and Everett Landin and Richard Sanders the refinishing and painting the lines. The students have been having calisthenics on the athletic field. The floor will be completed next week and then basketball practice will begin in earnest.

Miss Mollie Pickering, county extension worker of Warren, met with her class of fifteen women in the home economics cottage Tuesday afternoon. Plans were discussed for the future classes and the remainder of the afternoon spent with making of apron patterns and other articles suitable for Christmas gifts. The next meeting will be on Tuesday, Dec. 10th.

Mr. and Mrs. Ellsworth Wilson and daughter, Catherine, were Sunday guests of Mr. and Mrs. Clyde Baker, Jamestown.

Doris Stockton, Betty Phillips, Vincent Allenson, Paul Cariburg, Jr., and Allen Lake, students at Edinboro State Teachers College, came home Wednesday night for the Thanksgiving vacation.

Mrs. J. A. McIntosh entertained the Bridge Club Monday evening. High score for the evening went to Mrs. Ralph Abbott. The club will join with the N. B. Club for a Christmas party and Mrs. Abbott and Mrs. F. A. Schoonover were appointed as the committee to make plans. The hostess served refreshments.

Mrs. S. A. Smith and family were in an automobile accident in Jamestown Friday evening, when their car skidded on the slippery pavement. Mrs. Smith was confined to her home by injuries and shock and the car was quite badly damaged.

Mrs. Verabell Greene and son, Laverne, of Erie, are guests of her niece, Mrs. Ralph Abbott, and family this week while Mr. Greene is substituting for Richard Sanders of the high school faculty for two days.

Miss Anna Mattison, of Waltham, Mass., is spending a few days with her brother, E. D. Mattison, and real relatives in Kennedy and Cattaraugus. She was also the guest of Mrs. Conrad Youngberg, of Warren.

Mrs. Kenneth Laurence, of Ellington, N. Y., and Mr. and Mrs. Clarence McLallen, of Providence, R. I., were weekend guests of Mrs. Milton McLallen and children at the home of Mr. and Mrs. F. A. Schoonover.

Everybody reads 'the Times-Mirror' of Warren.

**BARNES**

Barnes, November 28—Arriving from Washington, D. C. by automobile, Wednesday evening were Miss Mary Mercer Cook, Mr. and Mrs. S. Hugh Green, Miss Marcia Green, and S. Hugh Green, Jr., who are spending the Thanksgiving weekend as the guests of their parents and grandparents, Mr. and Mrs. B. S. Cook. Arriving Thursday to spend Thanksgiving at the Cook home were Mr. and Mrs. Leonard Roberts and children, Beverly and Bruce of Erie and Mr. and Mrs. Gordon Titus and daughter, Dorothy, of Warren. S. Hugh Green, Jr., is on terminal leave from the U. S. Army, having recently returned to the states after a year's service in Germany.

Mr. and Mrs. C. E. Conquer, Mrs. John Hoffman, Mr. and Mrs. H. S. Roberts, Stanley Roberts, Mr. and Mrs. George Conquer, Raymond Conquer, Mr. and Mrs. Richard Curtin, Mrs. W. T. Hovey and Miss Marjorie Hovey of Barnes attended the wedding of Dorothy Jean Carlson and Robert Conquer which was solemnized last Saturday afternoon in St. Paul's Lutheran church, in Warren. After a wedding trip, Mr. and Mrs. Conquer will live in the Conquer cottage at the lower end of town.

This year's bear season found more hunter enjoying this sport and longer in town than ever before. As far as we have heard, no local hunter was successful in bagging one, but Floyd Cunningham, a seventeen year old lad from Erie, killed one weighing about two hundred pounds near the fire tower. The housewives of Barnes are now busy getting ready for the army of deer hunters, who have already made reservations for a week or so of this sport.

Mr. and Mrs. Bert Roy Hovey and daughters, Ruth Ann and Carol, of Oil City spent last weekend as the guests of their parents, Mr. and Mrs. W. T. Hovey. Mrs. A. L. Barr, Miss Marian Barr and Donald Barr drove up from Oil City Sunday and were dinner guests at the Hovey home. The B. R. Hoveys returned to Oil City with the Barrs.

Callers at the home of Mr. and Mrs. Hovey and Mrs. W. D. Barnes, Sunday evening were Mr. and Mrs. Roy Barnes and Mr. and Mrs. Howard Oline of Erie.

Mr. and Mrs. H. S. Roberts motored to Jamestown, N. Y., Sunday where they spent the day as the guests of Mr. and Mrs. Alfred Swart.

Thanksgiving guests at the home of Mr. and Mrs. W. H. Brandt were Mrs. O. B. Hauptin, of Youngsville and her son, Warren Hauptin of New Kensington, Penna.

Mr. and Mrs. Kenneth Pierce and family moved into the house, which was recently occupied by Mr. and Mrs. Jack Pittcock, Saturday.

Mr. and Mrs. Spencer Conklin of Warren spent Turkey Day visiting Mrs. Conklin's parents, Mr. and Mrs. Ed Randolph.

Miss Valjean Rudolph, daughter of Mr. and Mrs. Frank Rudolph, was a patient in the Warren General Hospital from Sunday until Tuesday, having undergone a tonsilectomy.

The children of Mr. and Mrs. Harold Caldwell were also patients in the Warren General Hospital during the past week. Their little daughter, Helen, had her tonsils removed and was brought home Tuesday, but Leon was kept several days for observation.

Class No. Two of the local Methodist church sponsored a Hat Social in the basement of the church, Monday evening. About thirty were present and a very enjoyable time was reported. Over ten dollars was earned which will be used to help pay the insurance on the

**How To Relieve Bronchitis**

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

"Snippy" answers to customers? The "run-around"? The "let-'em-wait" attitude? Not at Personal Finance Company! My customers have declared me Innocent!

And they say I'm not guilty either of saying "No" to them when they ask for something. Proof: 4 out of 5 who ask for a loan here—get it!

"Personal" makes loans from \$25 to \$250 on signature alone, or on furniture or auto. Friends, relatives or employer not notified. Usually I say "Yes" to loan requests in a hurry. But even when circumstances are unusual, I try to find a way to work out a deal. That's why "Personal" is so often able to make loans that others cannot.

Like most people, I don't believe in unnecessary borrowing... but when a loan is needed or to your advantage, I'll be glad to say "Yes." Any time you need extra cash—see me, won't you? I'm at Personal Finance Co. 216 Liberty street, second floor, over Lester Shoe Store. Phone 285.

## TAXI CABS GET MOBILE TELEPHONE SERVICE

Two-way mobile telephone service for taxi cabs began recently in Detroit when Peter Theodore (left), president of Radio Cab Company, received a call from the company's dispatcher opening the service on equipment installed in a new Hudson. With Theodore was Murray D. Tomeray, chief engineer of the Hudson Motor Car Company, who worked with telephone engineers on plans for installation of the equipment. This service makes possible for the first time communication by cab dispatchers with drivers while they are cruising and greatly reduces wasted cruising mileage.

## Seven-Point Buck Shot At 7:15 Wins Hunter \$5 Award

(From Page One)  
M. Smith reported the matter to the police and they extended aid in getting the car into a garage. A number of other minor accidents were reported over the county due to the slippery roads. The cinder of dangerous curves, etc., was well under way early this morning.

The snow that fell Sunday was hailed by the hunters as it will aid in the deer kill. Wounded animals may be tracked down and not lost as is usually the case when there is no snow.

Game Protector Norris and his deputies are in the woods today watching for illegal kills and violators of the game laws. The number of arrests and fines this year for illegal kills have been heavy and will probably break all records. The meat shortage is blamed for the many violations by meat hunters.

Forest and McKean counties also have hordes of hunters abed in the game lands there. The Allegheny National Forest is the goal of most of the hunters and within its confines there are large herds of deer. The fame of the forest is growing each year and the hunters annually bring in thousands of dollars into the section which is spent at stores, for rooms, paraphernalia, etc. Several of the small groceries that were open yesterday did a heavy business as many of the hunters stocked up on groceries before entering the woods.

The kill is expected to be heavy as the bucks are in large numbers and are generally in better shape than they have been in many years.

Jack Wyckoff, who has been in service and has no chance to go hunting since five years ago, when he shot an albino, arrived at six o'clock this morning from Philadelphia and by eight o'clock shot a nice six-point buck near Cherry Grove.

Twelve year old William Bemus, who resides with his parents near the Watson Home had a real experience this morning. While eating breakfast a big buck ambled into the Bemus yard. The father being absent, young "Bill" grabbed the family shotgun and went into action. He blazed away four times and the buck seemingly laughed at him and then ambled off up the hillside and lay down. Two hunters sighting a gun on the old rifle range were within 100 yards but neither saw the deer.

Fred L. Swanson, Pleasant township got his deer at 9 a. m. and brought down a 175 pound, 11 pointer on Morrison Run.

Pullman Wilson was the first local deer hunter in Kellettsville to bring in a five point deer on the hill in back of the town.

Don Finley had a narrow escape from paying out a new ten dollar bill for the first 200 pound deer some years ago. The morning an eight point buck was brought to the store by Connie Enry. Prospect street which dressed tipped the scales at 181 pounds.

James L. Schemonsky, postmaster at Clearfield and his two sons did a bit of fancy hunting this morning when before noon all had their deer, each of the animals was a fine buck and the kill mon much attention.

Names of the notes of the musical scale were taken from the initial syllables of the lines of a hymn.

## Blower's Thermometer Shows Zero; Local Mercury 8 Above

Arch Blowers went out this morning and blew the frost off his thermometer and lo and behold it showed exactly zero. So Arch Blowers turned around and threw another log on the fire. It was really chilly this morning and over at the Pennsylvania Gas Company mixing plant the coldest registered was 8 above zero. To the newspaper guys loving off to work it seemed like 20 below. But they are a cold blooded bunch.

The snow and drop in temperature proved two highly pleasing incidents to the ride bearing horse that came into the county to get a saddle of venison and a few chops. They welcomed the snow and chills and despite the fact that the folks in town didn't like the

chills so well the boys at the points will take it and like it. Merchants welcomed the drop in temperature and it heralds Christmas shopping and sends out crowd of folks with a Christmas spirit. Most of the street decorations are in place and while John L. Lewis has blacked out the windows the stores are beautifully decorated and holds much for the shoppers young and old.

## 2 Horses Die As Barn Burns At Youngsville

Youngsville, Dec. 2—The barn of W. H. Brazee located at the foot of Davis street burned to the ground early Saturday morning and with it two young horses stabled in the barn. The fire was discovered about 3:30 a. m. when an alarm was turned in to fire company by a neighbor. The fire which lighted up the sky was also discovered by two local lads returning from Warren, who hastened to the home of Fire Chief L. L. Johnson, and as they started to report the fire to him, the siren gave the alarm. The fire company answered quickly putting on two streams of water from a hydrant and one stream with the pumper from the Brokenstraw Creek near by. No one could enter the barn to rescue the horses. The new flood lighting unit was used by the firemen. The fire was too advanced when discovered to be checked and the barn burned quickly to the ground. As soon as possible however

search was made for the remains of the horses and when in the two box stalls, the remains of only one horse was found, hope was felt that one of the horses might have escaped from the barn. Later the remains of the other horse was found on the main barn floor.

The horses were one and two years old. The older horse was used by Miss Margaret Brazee as a riding horse. The large quantity of hay in the barn made the fire difficult to completely extinguish and it smoldered much of Saturday. No other building was near enough to be endangered by the fire. Mr. Brazee had some insurance which will partly cover the loss.
